Storm Damage Checklist

Before The Storm

- Close all windows and doors.
- Move vehicles away from trees, fences and other objects that can fall.
- Place garden beds/planters and other items that can become flying debris indoors when possible.
- Have a plan for evacuating and securing your home in place in case of flooding.
- Stay safe and stay indoors until the storm passes.

After The Storm

- Walk around your property and do a visual inspection. Take note of any roof, siding, window and gutter damage.
- Document the damage with plenty of pictures. This is extremely important for the insurance claim process.
- Receive a Free No-Obligation Professional Inspection From Anchor Roofing. We'll determine if there are more damages than what meets the eye.
- File an insurance claim. Simply fill out your claim, hand it to us, and then our insurance claim experts will handle the rest.
- Rest easy at night knowing the best Omaha storm damage repair company is by your side and with you through the storm.
