

ROOF STORM DAMAGE CHECKLIST

Call Anchor Roofing to schedule an inspection and help you with damage assessment.

BEFORE THE STORM

Close all windows and doors.

Move vehicles away from trees, fences and other objects that can fall.

Place garden beds/planters and other items that can become flying debris indoors when possible.

Have a plan for evacuating and securing your home in place in case of flooding.

Stay safe and stay indoors until the storm passes.

AFTER THE STORM

Walk around your property and do a visual inspection. Take note of any roof and gutter damage.

Document the damage with plenty of pictures. This is extremely important for the insurance claim process.

Call Anchor Roofing at (402) to schedule a free inspection.

File an insurance claim.
